

Ignition Datatypes Support via MQTT

Datatype	Supported via MQTT
Byte	v2.1.1 through current release
Short	v2.1.1 through current release
Integer	v2.1.1 through current release
Long	v2.1.1 through current release
Float	v2.1.1 through current release
Double	v2.1.1 through current release
Boolean	v2.1.1 through current release
String	v2.1.1 through current release
Date	v2.1.1 through current release
Dataset	v2.1.1 through current release
Byte Array	Not Supported
Short Array	Not Supported
Integer Array	Not Supported
Long Array	Not Supported
Float Array	Not Supported
Double Array	Not Supported
Boolean Array	Not Supported
String Array	Not Supported
